Thinking about graduate school? Learn more about the Master of Science degree program in Applied Human Development and Family Sciences.

Attend a one-hour virtual Open House for an in-depth look into our graduate programs followed by a live Q&A with faculty.

During the live Zoom event, learn about our three graduate programs that deliver the clinical training, faculty-mentored research and specializations you need to become a marriage and family therapist, take on an advanced role in the growing field of aging services or prepare for a role in programming and administration in the fields of family social services and child development. Also find out about our MS/JD NIU College of Law for those interested in careers in family law and child advocacy.

AHDFS Open Houses on Zoom
